Happy Guests

★★★★★ October, 2022

"We did the levada da referta last week with a knowledgeable and friendly guide in beautiful surroundings. The walk was easy and almost flat..." - **Anne Maria**

★★★★★ July, 2022

"We had the levada walk 25 fountains. The driver was friendly and on time. The guide made some jokes and cared for the group. The guide spoke English and Portuguese at a good level. The walk was at a good pace. During the walk he checked in with everybody in the group and told lots of things about the nature and culture. The walk itself was moderate difficult, but can be a bit hard on the knees." - **Richard Gertsen**

★★★★★ May, 2022

"This really is an easy levada walk. Our guide, Rodrigues, was excellent, so informative about the island's flora, pointing out different plants, getting us to experience the aromas and flavours as we stopped to admire the lush valleys and plants clinging to the rock face. We ended at a cafe for refreshment, in our case, poncho and a taste of cake, before our homeward drive. The minibus was OK but unlike other trips with Happy Tours, it did not have the speakers so most of the information was lost to those sitting further back. I can highly recommend this tour." - **Jane F**

★★★★★ April, 2022

"A beautiful and very special walk, not difficult, three plus kilometers. Spectacular views all the way, you keep being surprised by the awesome cliffs and ocean views. Go and do it, really worthwhile!" - **Frans C**
